

EPro8 Challenge

Engineer Problem Solve Innovate

Thursday 16 May, 2018

Dear Parent/Guardian

Your child has been selected to represent Methven School as part of one of our three EPro8 Challenge teams.

The EPro8 Challenge is the interschool science and engineering competition. It is designed to give students a fun and rewarding introduction to science and engineering. At each event teams will compete with other schools in our area to try and finish a variety of interesting science and engineering based challenges.

The event your child will be taking part in is at Ashburton Borough School on **Thursday 31 May** from 09:30 am to 12:30 pm.

This is one of a series of events around the Canterbury region, with the top teams from each event qualifying for a semi-final and then the grand final.

The cost of entry is \$30 per student, however Methven Primary will subsidise \$20 per student. Therefore the cost is \$10 per student. We will need to transport students to Ashburton – leaving Methven at 8.45am and returning at lunch time. Please indicate below if you are able to provide transport.

A massive thanks to EA Networks who have come on board to support the Ashburton event. EA Networks is Mid-Canterbury's power and fibre network operator, delivering energy and internet to homes and businesses across the region.

Parents are welcome to attend the event. The events are fun to watch and it is interesting watching the children try and solve problem.

Further details of the events are at www.epro8challenge.co.nz

Please complete and return the following if you are happy for your child to attend.

Thanks,

Rosie Robinson

I/We _____ give permission for _____ to attend the
EPro8 Challenge at Ashburton Borough School on Thursday 31 May from 09:30 am to 12:30 pm.

Signed: _____

Date: _____

I/We are able to help with transport Yes/ No. We can provide ____ seats (including my own child).

Our car is registered and warranted and I hold a current full drivers licence.

Signed: _____
